DETAILED ACTION

Allowable Subject Matter

Claims 1-15 are allowed.

The following is an examiner's statement of reasons for allowance: Claim 1 states the limitation "each of said wiring layers having at least two selected from the group consisting of said ground line or said ground pattern, said basic power supply line or said at least one power supply line and said signal line". This limitation, in conjunction with the other claimed limitations was neither found to be disclosed in, nor suggested by the prior art. Claim 4 states the limitation "each of said wiring layers having at least two selected from the group consisting of said ground line or said ground pattern, said basic supply line or said at least one power supply line, and said signal line". This limitation, in conjunction with the other claimed limitations was neither found to be disclosed in, nor suggested by the prior art. Claim 9 states the limitation "each of said wiring layers having said signal line and at least two selected from the group consisting of said ground line or said ground pattern, said first basic power supply line, said second power supply line, said first power supply line, and said second basic power supply line". Claim 12 states the limitation "each of said wiring layers having at least two selected from the group consisting of said ground line or said ground pattern, said first basic power supply line, said second basic power supply line, said at least two power supply lines, and said signal line". Claim 15 states the limitation "each of wiring layers having at least two selected from the group consisting of said ground line or said ground pattern, said basic power supply line or said at least one power supply line, and
